# German Police Raid Multiple Shipowners in S. Asia Scrapping Sting

Prosecutors in Hamburg have raided the offices of shipowner Erck Rickmers Group and several other firms in a search for evidence of allegedly unlawful demolition sales, according to German news outlet NDR.

The case centers on the disposal of the vessels *Florida I*, *Alexandra Rickmers* and *ER Hamburg*, prosecutors told NDR. Erck Rickmers and other firms involved in the case allegedly sold these vessels to an intermediary with prior knowledge that the ships would be sold onwards to scrappers in Pakistan, "where they drove onto an unsecured beach and were scrapped there under environmentally hazardous circumstances," prosecutors said.

*Florida 1* (ex name *MSC Florida*) was renamed and re-registered with a Paris MOU black list flag in October 2017, according to her Equasis record. Her last AIS position was broadcast the same month at a shipbreaking beach at Gadani, Pakistan. The *Alexandra Rickmers* and the *ER Hamburg* arrived at the same location in September 2017, according to historical AIS data.
