**2017:**

**Navios to buy Rickmers Maritime containership fleet while Rickmers Group to restructure**

Greek dry bulk and containership owner Navios Maritime Partners L.P. will acquire the remaining containership fleet of Rickmers Maritime, the Singapore-based shipping trust which is being wound up after failing to secure a restructuring agreement with its creditors.

14 containerships of 3,400 to 4,250 teu, with an average age of 9.5 years will be acquired for \$113 M by Navios Partners, who will finance the acquisition through a \$20 M equity investment and a secured loan facility.

The acquisition remains subject to a number of closing conditions, with an initial fleet of five 4,250 teu units chartered by MOL to be transferred in mid-May and the remaining nine ships expected to follow in the following weeks. Four of the ships are currently laid up.
