## RCL purchases APL NORWAY (6,350 teu)

Thai-based Regional Container Lines (RCL) has purchased the 6,350 teu APL NORWAY (Imabari 6300) from Japan's Shoei Kisen at a reported USD 31.5 M.

The vessel, currently on charter to CMA CGM, will become, by far, the largest container vessel owned by RCL, its largest ships being currently units of 2,700 teu. RCL however charters larger tonnage of up to 8,000 teu for its liner network.

The APL NORWAY was built in 2007 in Japan by the Imabari shipyard in Mihara. She features a deadweight of 72,800 tons, a Loa of 293 metres and a beam of 40 metres.

She is fitted with 500 reefer plugs. The vessel is part of the popular 'Imabari 6300' series of ships, of which 31 units were built from 2002 to 2010.
