## GENERAL VESSEL INFORMATION:

The single-hull "ASTRO LEON" and "ASTRO LIBRA" both about 285,000 dwt built 1992 Daewoo have been reported sold by Kristen Nav. for \$75m en bloc to Far Eastern interests, but we now understand this to be premature although the vessels remain under firm negotiation.

www.galbraiths.co.uk - 26th March, 2004

The 'ASTRO LEON' and '**ASTRO LIBRA**' both 284,410 dwt built 1992 Daewoo were initially reported as having been sold for \$100m enbloc to Centrofin.

The price was revised to nearer \$105m enbloc and finally the entire transaction is said to either not have been concluded yet or possibly failed. Interesting to note that the vessels were apparently tied up for \$75m enbloc to Chinese buyers back in March 2004, a deal which also failed.

'ASTRO LEON' about 284,000 dwt built Daewoo 1992 and sister vessel '**ASTRO LIBRA**' may be committed for region US\$52.5 million each to Greek buyers, possibly Centrofin.
