A newly registered Turkish outfit named Canna International has emerged as the taker of one of two 2004 built long range product tankers reported sold by German outfit Chemikalien Seetransport at the end of the year.

Chemikalien Seetransport's latest two sales are a Hudong Zhonghu-built duo, *Chemtrans Moon*, renamed *Mooni*, and *Chemtrans Sea*, renamed *Nile*. Both ships, 74,000 dwt in size, were reported sold last month for \$17m each.

Canna International is registered in Lagoon Plaza, Istanbul, while the taker of *Chemtrans Moon* is registered as Celadon Seaways.
