**GENERAL VESSEL INFORMATION:**

China Shipping Container Lines has received the 14,074 teu **CSCL URANUS**, seventh unit in a series of eight ships ordered in August 2007 at the Samsung shipyard for \$170 M each. These ships are neo-overpanamax capable to stow 20 rows of containers on deck (maximum allowed for the new Panama locks is 19 rows) and they were ordered with the Far East-Europe route in mind. However due to over-capacity on the FE-Europe routes, the **CSCL URANUS** will instead join the Far East-Middle East joint service (AMA/CIMEX/AGX 1)...The **CSCL URANUS** is managed by CSCL Star Shipping Co Ltd, a Hong Kong affiliate of the China Shipping Group, and is registered in Hong Kong.
