GENERAL VESSEL INFORMATION:

1989 YUKONG FRONTIER Tanker Pipeline Broken
www.komos.co.kr/business/business_11.htm

A significant fleet renewal project is underway at Seoul based SK Shipping which has put three single hulled VLCCs on the market and is set to order three newbuildings.

SK is talking to a number of potential buyers about the 259,359dwt C COMMANDER and 254,000dwt C FRONTIER, both built 1988 as well as the 259,313dwt C Voyager built 1990.

Although the VLCCs up for sale are little more than a decade old they are going because of their single hull construction and the good price secondhand tankers are currently fetching. The Panama flag vessels previously traded as the YUKONG COMMANDER , YUKONG FRONTIER AND YUKONG VOYAGER .
