The misfortunes of the Pegasus fleet have been well documented both in the press and of course in this column. The first three of the arrested ships have now been sold at auction. These are the 'RAVEN' and '**KITE**' both about 63,000 dwt built 1983 Oshima, and the 'GOLDEN EAGLE' about 62,000 dwt built 1982 Mitsui, which we understand have been bought at auction for \$4.5m, \$4.0m, and \$4.0m respectively for the account of Greek buying interests.
