Ed Coll led US bulker owner Pangaea Logistics Solutions has revealed the sale of two ageing bulkers in its latest quarterly report.

Pangaea has revealed that last month it agreed deals to sell 2001-built supramax [Bulk Juliana](#) for \$6.5m and 1996-built panamax [Bulk Patriot](#) for \$4.5 million in two separate transactions.

The buyer for each vessel was not revealed, however brokers last week were reporting the Juliana sale to Chinese interests.

Pangaea says the vessels will be delivered to their new owners this month and next, and the sale will result in a book loss on sale of around \$8.6m in the fourth quarter.
