ON September 11, Greece-based Foresight Shipping Co Ltd impounded Shipping Corporation of India (SCI) vessel m.v. **LOK RAJESHWARI** at the Canadian port of Sorel. Ordinary event or big deal, one may say... but herein hangs an interesting tale of how one public sector company has to pay for the wrong committed by another public sector company!

Foresight Shipping seized **LOK RAJESHWARI** on the basis of a seizure-and-sale order passed by the Federal Court of Canada to recover its dues from the Food Corporation of India (FCI). Lok Rajeshwari is currently deployed on time-charter basis with Korea's S K Shipping.

Foresight arrested **LOK RAJESHWARI** in Sorel when the vessel was about to sail to Hamilton on the ground that the vessel was owned by SCI, a state-owned company, to recover the dues of FCI, another public sector company.
