GENERAL VESSEL INFORMATION:

The tanker NCC JOUF (17,591 gross tonnage, built 1976) broke all mooring lines at about noon on 12th October whilst loading methanol at New Plymouth. She was blown off the berth and a steel arm of the loading gear broke off and fell into the harbour. She sailed from harbour to anchor in the roadstead whilst the wrecked loading arm was removed to allow use of the berth.
New Zealand's Maritime News Nov 2000

Atria (ex-NCC Jouf, ex-Bow Saturn, ex-Porsanger). Chimiquier. Longueur 170 m, 8.925 t. Pavillon Norvège (NIS). Construit en 1976 à Szczecin (Pologne) par Stocznia Szczecinska im A Warskiego. Propriétaire Salhus Shipping AS (Norvège). Détenu en 2005 à Vigo (Espagne). Vendu pour démolition en Inde.
