GENERAL VESSEL INFORMATION:

Olympic has split two of its newest suezmax additions to its fleet between the two charter markets. The 156,000-dwt Olympic Future (built 2004) has been working on the spot market since its delivery from Japan's Namura Shipbuilding in August. Sources say the tanker is currently on a fixture to Trafigura from the Middle East Gulf to China at WS 220, or around \$60,000 per day.
