GENERAL VESSEL INFORMATION:

Jointly operated by NYK Line ('NYK') and X-Press Container Lines ('XCL'), the new service will use three vessels - NYK's **OPDR SEVILLA** and XCL's ANGELA J AND TOSSENS - to carry NYK's transhipped short-sea and deep-sea container traffic, as well as XCL's traffic of third-party containers. The two companies will share the vessels' capacity to support their respective service routes. The weekly service will call at the four-berth roll-on/roll-off and lift-on/lift-off terminal, based at ABP Port of Immingham, as part of a two-week circuit that takes in five other North European ports.
