Seatrade Groningen has reportedly bought the reefer fleet of Greek owner Elmira Shipping.

The Dutch owner is said to have agreed to pay \$70.5m en bloc for the Iwagi built 540,000-cbf Atlantic Mermaid (built 1992), Antarctic Mermaid (built 1993), Arctic Mermaid (built 1992) and **PACIFIC MERMAID** (built 1992). TradeWinds reported last month that Seatrade had targeted the four vessels as purchase candidates. Source then had suggested that Elmira would consider selling if they could fetch \$18m per ship. The four vessels are on charter to Seatrade for another year at \$11,850 per day.
