FRANCE	2007-07	Maritrans Perseverance Co., Tuvalu

GENERAL VESSEL INFORMATION:

The MSC Tanker Project Office manages all aspects of the ocean transportation of petroleum products to support Defense Energy Supply Center petroleum storage and distribution facilities worldwide. The Tanker Project Office began and ended fiscal year 1999 with seven tankers under long-term contract to move DOD petroleum. Tanker time charters in fiscal year 1999 included MV Allegiance, owned by Maritrans Operating Partners. The charter was in the 3rd of three Options, expiring in December 1999.

In July 1997 Maritrans Inc signed agreements to purchase the remaining marine assets of Sun Transport Inc. in a deal valued at approximately \$30 million. Maritrans agreed to acquire six vessels in the transaction. The vessels are: the MT New York Sun which is a 34,000 dwt. petroleum tanker currently on charter to the Military Sealift Command; the MT Philadelphia Sun, the sister ship of the New York Sun, which continued to be employed by Sun Company in its lube oil trade; two tug and barge units, the Puerto Rico Sun/Borinquen Sun and the Seminole Sun/Caribe Sun, which will remain in service to Sun's Puerto Rico operations. The MT New York Sun was renamed Allegiance and the the MT Philadelphia Sun was renamed Perseverance.
www.globalsecurity.org/military/systems/ship/taot-1201.htm

Vessel was sold en bloc with NEW YORK SUN by Sun Transport Inc. to Maritrans Inc. for US\$ 30 mio.
 World Maritime News - 27 August 1997

The Company undertook a project to convert its oil tanker, PERSEVERANCE, to handle multiple grades of refined petroleum products...the PERSEVERANCE is competing with other clean vessels in the spot market.
