GENERAL VESSEL INFORMATION:

Golden State Petro (IOM I-B) PLC, or the Company, and Golden State Petro (IOM I-A) PLC (IOM I-A) (together, with the Company, the Companies), are Isle of Man public limited companies, each formed for the purpose of acquiring and chartering a very large crude oil carrier (a VLCC or the Vessel).

Golden State Petroleum Transport Corporation (GSPTC), a Delaware corporation as an agent for the Company and IOM I-B.... We accepted the Vessel, the "**PHOENIX VOYAGER**", (renamed from the "J. Bennett Johnston"), under the building contract on March 15, 1999 and concurrently was delivered to the Initial Charterer under an initial charter for a term of eighteen years (the Initial Charter). The Phoenix Voyager is a double-hulled carrier of approximately 308,500 deadweight tonnes (dwt) and is currently registered under the Bahamian Flag. The Initial Charterer has an option to terminate the charter on the eighth anniversary of the delivery date of the vessel.
