TG ATHENA	2019-22	Prime Sea Marine Ltd, Liberia
CF ATHENA	2022-	Feeder 6 LLC, Marshall Islands

GENERAL VESSEL INFORMATION:**2002:**

On this day the newbuilding "E.R. BREMERHAVEN" with the charterer's name "SAFMARINE CUNENE" was handed over by the Managing Directors of SSW Fähr- und Spezialschiffbau GmbH, Eckart Knoth and Dr. Jürgen Möller, to the Managing Directors of the Hamburg shipowners E.R. Schiffahrt, Erck Rickmers, Jochen Schmidt, Albert Schumacher and Klaus Westphal. The handing over ceremony was performed in a small setting in the harbour of Hamburg. This is the first of 6 container ships of the new series of the type "SSW Super 25" with a loading capacity of approx. 2500 TEU which are set apart by especially high technical performance parameters. The design has made it possible to load very tall containers as well as containers of different sizes in the ship's cargo hold. Apart from the 22 knots, an exceptional high speed for a ship of the 2500 TEU class, the large capacity for storing refrigerated containers (cooltainers) (350 cooltainer connections for 40-foot containers) and IMO cargo (containers for hazardous materials) both on deck and in the ship's hold is also remarkable. The ships with their loading capacity of 34,000 tons are approximately 212 m long and 29.8 m wide. The shipowners E.R. Schiffahrt are a part of the Nordcapital group of companies, Hamburg, where Bremerhaven born Erck Rickmers is a main shareholder.
