GENERAL VESSEL INFORMATION:

M/V **SAGA SPRAY** arrived at Fraser Surrey Docks, British Columbia with 53' containers in complete disarray. M/V **SAGA SPRAY** was hit by a rogue wave of 30ft. on her beam on passage from Korea to Canada with a deck load of new 53' intermodal containers. Due to the container size, it is not possible to lash these containers in a conventional container ship manner. They have to be laid on dunnage & lashed with chains. But these containers were "the cargo" -- not loaded with product.
