**GENERAL VESSEL INFORMATION:**

DYNACOM has sold another suezmax tanker to an offshore project for conversion. The 155,000-dwt **SKY** (built 1976) was purchased by Oslo-listed Prosafe for a steep price of \$8.3m. Vessels sold for such purposes normally get a premium as in most cases they will be tied up for quite a while until subjects are lifted. **SKY** previously worked in US-based Keystone's fleet as the **SERENA SKY**. It was sold in 1999 for a reported \$3.75m. Prosafe says the Mitsubishi built vessel was built in 1977.
