EX-NAMES:

STEN IDUN	2002-	Stenoil K/S, Gibraltar

GENERAL VESSEL INFORMATION:

2003: Rederiet Stenersen of Bergen is returning to Jiangnan Shipyard for another chemical-tanker newbuilding. Market sources say the 16,000-dwt, IMO II tanker will be a sister to three ships the company ordered at the shipyard two years ago. The ship is scheduled for delivery at the end of 2005. **Jiangnan has already delivered two ships in the series, the STENHEIM (built 2003) and STEN IDUN (built 2002).** The third ship is scheduled for delivery at the end of the year. They have been chartered to Navion of Norway for three to five-year periods with options for additional years. No further charter details have been disclosed. No price has been revealed for Stenersen's latest order but sources say the **owner paid around \$23m each for the first two ships.** (www.tradewindsnews.com/weekly/184635/chem-tanker-for-stenersen - 06 November 2003)
