Ukrainian activist groups Maidan of Foreign Affairs and BS News spotted a Romanian shipping company, which regularly violates UE sanctions imposed upon Crimean shipping. General cargo vessel Adnan H was docked in Feodosia port, Crimea, from Oct 1 until Oct 8, loading scrap. On Oct 10 vessel docked in Sevastopol, Crimea.

General cargo vessel Adnan H, IMO 8215649, dwt 2852, built 1983, flag Togo, owner/manager BIA SHIPPING CO, Constanta, Romania.

Three more vessels of BIA Shipping violated EU sanctions in July – September:

General cargo vessel Nargys H, IMO 9030333, dwt 4501, built 1991, flag Togo.

General cargo vessel Anda, IMO 8027638, dwt 2860, built 1981, flag Togo.

General cargo vessel Sherin, IMO 8003943, dwt 2574, built 1981, flag Togo.

According to BS News data, all four vessels are owned and managed by a company Johar Shipping, Constanta, Romania, which seems to be a family business. Ukrainian and Romanian Ministries of Foreign Affairs were notified of those violations, and requested duly response.
