GENERAL VESSEL INFORMATION:

2011: **Her stem was rammed 19/9/2011** by the container ship CHARLOTTA off the Predohl Quay at Hamburg. The **engine room and steering compartment were flooded and she was pushed against the quay wall by tugs in order to avoid capsizing**. The water was subsequently pumped out, the leaks patched and she was **towed to a shipyard for repair** the following day. (Marine News 12/2011)
