Hamburg-based J.J. Sietas shipyard has handed over **VERA RAMBOW**, the second unit of its newly developed 1,404 teu 'Typ 178' semi-hatchless container vessel. The Rambow-owned ship will join the Baltic network of its charterer Unifeeder where it will trade alongside its earlier sister HEINRICH EHLER, delivered in August. The new 'Type 178' features many of the characteristics of Sietas' highly successful 'Typ 168' design but with an intake of 1,404 teu, compared to the smaller type's 868 teu.
