Brokers tell *Splash* that they are getting ready to represent their principals for the upcoming auction in Singapore for the sale of the 37,300 dwt handymax [Long Bright](#). The bids are due by August 20.

Long Bright has fair market value of [\\$12.9m](#) according to MSI, however one broker contacted by *Splash* reckons the ship will only manage to raise around \$11m.

HighRich's fleet has been cut back in recent years. Three ships have been sold since 2016, including another at auction.

After this latest auction in five days' time the Chinese owner will be left with two handymaxes plus one newbuilding.
