GENERAL VESSEL INFORMATION:**2008:**

A short sea connection between the ports of Halifax and Montreal is expected to start in May. Aldert van Nieuwkoop, president of Great Lakes Feeder Lines of Burlington, Ont., says the company will offer a year-round weekly service and an additional seasonal service to Toronto and Hamilton if there is demand. Mr. van Nieuwkoop said earlier this week that Great Lakes Feeder Lines will use the vessel **DUTCH RUNNER**, which has a capacity for 230 TEUs (20-foot equivalent units) plus project cargo. The ship has a stern ramp and two 35-ton cranes capable of dual lifts of 70 tonnes. Mr. van Nieuwkoop said the company expects to take delivery of the ship next week. It will undergo maintenance in Barcelona and be reflagged Canadian.
