2014: TradeWinds

Legal proceedings by disgruntled KG (limited partnership) investors are prompting Rickmers Group to sell more ships to minimise risks associated with further vessel insolvencies.

Recent sales have comprised two further containerships, the 5,060-teu Jennifer Rickmers and Charlotte C Rickmers (both built 2004), renamed Pinehurst Kontor and Augusta Kontor, to Germany's Feeder Kontor (see story below).

TradeWinds

The Kontor companies were established in 2012 with the intention of helping investors with ships on the verge of bankruptcy find an alternative solution until the freight market recovered.

Initially, the intention was to hold onto the ships for a couple of years, with the expectation of a full recovery of shipping in 2016 but ongoing poor markets mean credit structures have had to be extended, says Duken.
