2010:

KMTC receives KMTC QINGDAO - Its largest owned ship

Seoul-based Korea Marine Transport Co (KMTC) has taken in charge its largest owned ship, the 2,826 teu KMTC QINGDAO (ex Lausanne - Hyundai 2800 design - Built 2003), purchased from Suisse Atlantique for a reported USD 24.3M. She is by far the largest ship owned by the company, dwarfing the 1,500-1,600 teu largest owned units. The ship is currently in the Mediterranean and is to proceed to Asia where she is expected to join the KMTC network. KMTC currently deploys slightly larger chartered units (2,959 teu) on the Far East-India FIX service, operated jointly with Hanjin and STX-Pan Ocean. Suisse Atlantique has four other 'Hyundai 2800' units in its fleet, chartered to Maersk Line, Hapag-Lloyd and COSCO.
