GENERAL VESSEL INFORMATION:

2021:

**Admiral C.L. buys PAOLA and PAAVA (990 teu)**

Malta-based liner operator Admiral Container Lines, which specializes in container shipping services connecting Israel to Turkey and the Black Sea has purchased the 990 teu sister vessels PAOLA and PAAVA (CV 1000) from Peter Doehle Schiffahrt of Germany at an undisclosed price.

Both vessels are already on charter to Admiral which deploy them on their Eastmed Black Sea 'EBX' express service that connects Israel with Turkey and the Black Sea ports of Novorossiysk and Odessa.

The PAOLA has already been delivered to Admiral and renamed ADMIRAL SUN. Her sister, PAAVA is expected to be renamed ADMIRAL MOON.

The PAOLA and PAAVA were both built in 2008 in China by the Zhejiang Ouhua shipyard, originally as the MEDAEGEAN and MEDBOTHNIA for German owner Hermann Buss. They feature a deadweight of 11,900 tons, a Loa of 139 metres and a beam of 22.60 metres. They are fitted with 254 reefer plugs.
