GENERAL VESSEL INFORMATION:**2018:**
Transworld takes in charge the MERKUR TIDE (1,608 teu)

India's Transworld Group has taken in charge the 1,608 teu MERKUR TIDE (CC 1600) which the company recently purchased from German owner Reederei F.A. Vinnen & Co for a reported \$4.15 M. The vessel has been renamed OEL SHRAVAN under Panamanian flag. Her registered owner is Orient Express Lines Inc, a division of the Transworld Group.

The MERKUR TIDE was built in 1998 by Germany's Meeres Technik (MTW) yard in Wismar. She features a deadweight of 22,260 tons, an Loa of 168 m and a beam of 26.70 m. She is equipped with three cranes of 40 tons and is fitted with 238 reefer plugs.

(Source: Alphaliner Weekly Newsletter 19/2018)

The MERKUR TIDE is part of the 'CC 1600' series of containerships, of which 15 vessels were built from 1994 to 1998. The 'CC 1600' used to be a popular charter market vessel in the 1990-2000's, often competing against 'B-170', 'BV 1600' and 'BV 1700' type units. The MERKUR TIDE itself spent her entire career on the charter market until her sale to Transworld.

The 'CC 1600' type is however coming close to extinction with only four of the original 15 ships still in service.
