GENERAL VESSEL INFORMATION:**2020:**

SINGAPORE, Oct 19 (Reuters) - The court-appointed manager for Ocean Tankers Pte Ltd has applied to the Singapore court to return most of the ships the company manages to the shipowners, as cash is running low and Ocean Tankers will not be able to maintain the fleet, two sources with knowledge of the matter told Reuters. Ocean Tankers, Hin Leong, Xihe Holdings and four special purpose vehicles all owned by oil tycoon Oon Kuin Lim and his son and daughter have been placed by the Singapore High Court under judicial management for restructuring after Hin Leong raked up nearly \$4 billion of debt.
