Deployed on Grimaldi's RoRo-service between ports in the Mediterranean Sea and South America. Service was cancelled due to cargo volume decrease in 2002/03. Meanwhile the vessel has been chartered by Grinavi (subsidiary of Grimaldi Group).

AK 03 & 04/2003

Chartered by Grimaldi Compagnia di Navigazione SpA (Grinavi=G. Grimaldi) from Grandi Traghetti SpA di Navigazione (=A.Grimaldi) including option for buying the vessel later en bloc with REPUBBLICA DI ARGENTINA. Grinavi's retirement from cargo vessel operation was reported.

AK 09 & 10/2003

Ro/Ro Repubblica del Brasile (51925 gt, built 1998), en route to discharge at Zarate, grounded yesterday at km 12 near the entrance of the Mitre river (? Emilio Mitre Canal), Argentina. SMIT Salvage immediately mobilised tug Luciano B. to assist the vessel.

Repubblica del Brasile refloated (unassisted) at 2230, local time, last night. It steamed for about 1.5 hours upriver and stopped to complete the necessary Coast Guard formalities after which it will resume its voyage.
